

Family Talk – New Covenant

READ TOGETHER

2 Corinthians 2:12–3:18

1. Describe the aroma of a food or dish that you love to eat.
2. What do you do when you smell a meal or side dish you like? You don't like?
3. What does it look like to give off the aroma of Christ to people around you?

LIVE IT

A man was in the grocery store picking up a few essentials when he came across a distressed family who he'd never met before. He felt a nudge to listen to their story, so he kindly approached the family and began talking with them. Sadly, he learned, their son had recently died. As the family cried and shared their tragedy, the man prayed over them. Not sure what was going on, the store's management team came over and asked if everything was ok, likely presuming the man had wronged them in some way. However, once they understood the family's loss, they also offered compassion and understanding.

You can be the aroma of Christ too.

LEAN ON GOD

Dear God,

God help us be the hands and feet of Jesus and the aroma of Christ to our friends, church, and community.

In Jesus Name,
Amen
