

Family Talk – A Trembling Encounter

READ TOGETHER

Mark 5:25–34

1. As the woman approached Jesus, discuss what she may have been thinking?
2. Why did she approach timidly with trembling?
3. What obstacles keep us from coming to Jesus for healing?

LIVE IT

The woman in this story had tremendous faith. In fact, in Mark 5:34, Jesus tells her that it's her faith that's healed her. So, while she may have approached with apprehension and fear, she nevertheless *did* approach.

Are you approaching Jesus for healing? If not, think about who or what you go to in place of Him for healing. What do you need Jesus to heal? Imagine what it would look like to take your first step toward Him.

LEAN ON GOD

Dear God,

Thank You for sending Your Son Jesus. Thank You for the encounters we read about in Your Word. Grant us the courage to come to You and You alone for healing. When we're afraid, give us boldness through Your Spirit. Thank You for the healing we find in You.

In Jesus name,

Amen
